

Frames of Design: A Curated Photography Competition

Join us for a VIP photography competition for interior designers, home builders and architects, hosted by Madeval during Fall Market at Decorative Center Houston.

We invite you to showcase your artistic skills and capture your unique perspective of our showroom. Whether you focus solely on the kitchen or include people interacting with the space, we want to see your creativity!

Photos will be taken at our showroom in the Decorative Center Houston (5120 Woodway Dr #109, Houston, TX 77056) during Fall Market on October 16th & 17th, 2024. We will provide some staging items for your use, but feel free to bring any additional props you'd like to include in your photos.

The jury panel consists of the following esteemed experts from the industry: Anne Breux, **Interior Architect**; Kerry Kirk, **architecture & design photographer**; Amy McAnally, **Houston Publisher Luxe Interiors + Design**.

The winner will receive a full-page ad to promote their company in the March/April 2025 issue of Luxe Interiors + Design, provided by Madeval.

To enter the competition:

1. Submit one registration per office with a defined contact person and select a date and time that best fits your schedule to visit our Showroom, limited slots available.
2. Post a story on your Instagram account during the photo shoot (this doesn't need to be the photo you will submit for the contest). Be sure to tag us @madevalusa.
3. Submit your final photo (one entry per office) via email to mrovayo@madeval.com by October 25th, 2024, 5 business days after Fall Market.

The winner will be announced on our social media channels during the second week of November. The winning office will coordinate with Amy McAnally at Luxe magazine for your full-page ad (ad design not included) in the March/April 2025 issue of Luxe Interiors + Design, provided by Madeval.

We look forward to celebrating Frames of Design with you!
